

THE KENTUCKY PRESS MEETING

Most Delightful Gathering in Foothills on the Picturesque Kentucky.

MANY MEMBERS OF THE "OLD GUARD" WERE THERE.

The editors of the Kentucky Press Association accompanied by wives, sisters and friends journeyed to this delightful resort nestled in the foothills of Eastern Kentucky to the meeting held there last week. The transportation over the Louisville & Nashville to Louisville and by special train over the Southern and the Louisville & Atlantic to Estill, all railroads extending all the courtesy and attention possible.

The scenery through that section along the banks of the Kentucky river as it winds its way like a silvery thread to the Ohio is among the most beautiful to be seen in the country, with here and there a glimpse of the typical mountaineer as we passed the stations along. The wide expanse of wheat and corn fields, the herds of sheep grazing on the hillsides, the great rafts of valuable timber, indicate the thrift and industry of the people in this section of the State which nature has so bountifully endowed with beauties of landscape and fertile soil. We got a glimpse of the progressive towns of Lawrenceburg, Versailles and Richmond.

Estill, one of the most noted resorts in the State, so restful in its quiet beauty, an ideal place for busy editors to spend a season of pleasure, drinking of its sparkling waters free from printer's ink and the noise of the press. Messrs. Riddle, proprietors of the hotel, were untiring in their efforts to make our stay a pleasant one. A "Summers" outing could not have been "Moore" pleasant. How charming "Underwood" and dell, with the good things to eat including "Pickles," the water flowing freely without turning a "Fawcett," a kind "Friend" to welcome us and to assist in doing things up "Brown." I am sure all would "Ditto" what has been said and now I "Wood" like to make "an announcement" that we meet together next year at this or some other beautiful spot and that all who can will attend, for we "Needham." S.M.K.

Notes on K. P. A. Meeting.

If there was debating and difference of opinion, there was also chivalry for the other fellow. And through it all the integrity and the purposes of the Association were protected and maintained.

One touch of sorrow to the gathering was the death of Miss Lizzie Haldeman, daughter of Col. W. B. Haldeman, a member of the Executive Committee of the Association, to whom an official telegram of sympathy was sent.

The Eighth District Leaguers were the "whole cheese" at times during the meeting in the entertainment arrangements. There was a cheerful and capable readiness to keep something doing all the time and their efforts were generally attended with marked success.

There were more past presidents of the Association at this meeting than could be recalled as attending the annual gathering in years. The list, in order

of time of service was: Harry Summers, Charles W. Meacham, Harry McCarty, Paul M. Moore, Louis Landram, Lew B. Brown.

The reception given on Monday evening showed a number of the "Old Guard" in line, and the next day brought yet more of the habitual members of the K. P. A., who love the association for the sake of the genuine spirit of fellowship that exists among its membership. It was good to be there.

Beauty and youth were there and, to the calm observer, seemed not abashed at the glorious full moon, the towering shapes of young mountains, or even the deep shadows of giant survivors of a primeval forest. And always there remained that unobtrusive reason for a stroll—sulphur water and salt.

President Tom Underwood proposes to institute a campaign for new members. Tom joined the Association himself a few years ago under such a move, and hence knows what good material can be captured if it is only gone after in the right way. It will be just as well, indeed, to have an increase in membership along with an increase in attendance at the annual meeting.

One of the most delightful and purposeful addresses heard by the Association was that by Mrs. Desha Breckenridge, of Lexington, in behalf of better schools in Kentucky. Her address was given a most careful hearing and much applause, and when she had finished, most of the men and all the women present were ready to give the women of Kentucky the right of suffrage in school elections at least.

Regrets were fully expressed that we should lose our "Rich," who has for several years made a most efficient secretary of the K. P. A., and who did not feel that he could continue to devote the necessary time to the work. But we found a Daniel who agreed after great pressure to undertake the labors of that office. And there is none better or more popular than Dan Bowmar. Tom and Dan are chums, and that won't hurt any. Both possess in preeminent degree the qualifications most desirable for their respective offices, and working together, they will make a bang-up team.

ARTHUR WADE OF BARNESLEY KILLED

While Walking Home on Railroad Track Last Saturday Night.

Saturday the Dixie Flyer killed Arthur Wade instantly at the Arnold switch about a quarter of a mile south of Earlington, breaking his neck and otherwise mangling him. Wade had been in Madisonville that afternoon, returning to this place on the 7:30 interurban. He started to walk home on the railroad track, and in some way was unable to escape the approaching train. The remains were interred at Flat Creek Sunday.

Death of Mrs. J. T. Higdon.

After four month's illness of pulmonary trouble Mrs. J. T. Higdon passed away at her home in this city Friday evening about 6:30. Mrs. Higdon was a member of the Missionary Baptist Church, and was a good Christian woman. She is survived by a husband, mother and six children. The remains were laid to rest Saturday afternoon at Trenton, the former home of the family.

THE MURDERERS OF RANKIN

May Not be Tried Again Though Given the Death Penalty.

ATTY. GEN. CALDWELL SPEAKS OF COURT'S SURPRISING DECISION.

Union City, Tenn., July 4.—Attorney General D. J. Caldwell returned to Union City today and gave out a statement in regard to the opinion handed down by the Supreme Court yesterday in the night rider cases, remanding them to this county for a new trial. Gen. Caldwell said:

"The decision of the Supreme Court, which was rendered yesterday in what is known as the night rider cases, was such a surprise to me, to say no more, that I did not feel it competent nor even safe for me to attempt to express my opinion of the decision. No man in the world can be more affected by this broadcast decision than I am. For eight months it has been my entire life work to restore order out of chaos, to have law and order in the Reelfoot district, where anarchy was wont to reign, and to avenge the murder of the sainted Rankin, and then as I see it, without any logic, argument or reason, three men with power alone discard these facts and with one fell swoop render an opinion that again places anarchy in the saddle and says to others and to me in authority that the administration of Tennessee is a farce.

"Because of Fly Specks."

"I would not complain if they had gone into the facts of the case and had seen proper to say the facts did not warrant a conviction, but for them to reverse so important a case on mere technicalities occurs to me as being a travesty on justice. They had a complete record before them. Were the defendants guilty? If not, go into the facts and say so and I would be the last one to complain, but, in the name of justice, let no guilty one escape because of fly specks.

"I may be wrong, but in my opinion these three judges have committed a judicial blunder such as has not occurred for a hundred years in Tennessee jurisprudence. Of course, I accord them honesty and sincerity, but the God of Justice pities their judgment. Each and all of the technicalities was deliberately considered by my associates, W. C. Caldwell, W. H. Swiggart, Hal Holmes, Sparrel Hill, Felix Moore, J. R. Deason and others, and we decided that none of the points or objections of the defendants were well taken and that no court would ever hold to the contrary, but alas and alack, three greater judges have arisen. Upon what meat has Great Caesar eaten that their minds should so over-shadow the above named galaxy of able lawyers that I had assisting me?

"But, after all, I suppose that power makes might, and while Judge Jones and I have the brunt to bear, we will have to submit to the opinion of those who by fortune, misfortune, accident, or chance, are placed in authority above us.

The Full Meaning.

"None of those who are in a position to know can realize the full meaning of the decision. According to same, I see no way to ever have a trial of the case again. Retributive justice must

A. M. HEARIN PASSES AWAY

Pioneer Citizen of Madisonville Died Last Saturday Morning.

WAS CONFEDERATE VETERAN OF CIVIL WAR

A. M. Hearin, a prominent citizen of Madisonville, died at his home in that city Saturday morning after a five days' illness of stomach trouble, at the age of sixty-five years.

Mr. Hearin was born and reared in Madisonville, and for a number of years made Earlington his home. He served in the Confederate army. He was well known and respected by all. He is survived by his wife and two sons, Adolphus Hearin, of New York City, and Thomas Hearin, of Madisonville.

The deceased was a member of the Methodist church. The funeral services were conducted Monday afternoon by Rev. A. D. Litchfield and burial was at Grapevine, attended by a large delegation of Confederate veterans and friends. Four of the pall bearers were his old comrades.

Mr. Hearin was honored at the recent meeting of the Second Kentucky Brigade of the Confederate Veterans by being appointed temporary adjutant by Capt. Stone, commander of the brigade.

The following tribute and resolutions are from members of Camp 528, U. C. V., to Comrade Adolphus Mansfield Hearin, deceased, of Madisonville, Ky.:

Among those who today mourn the death of our comrade, perhaps none will do so more sincerely or feel his loss more keenly than we, the members of Camp 528, U. C. V. All of us were his old comrades, his lifelong friends and companions and thus linked to him by ties which could be broken only by the rude hand of death. Deeply impressed with our sorrow we cannot allow the occasion to pass without conveying to his family this imperfect testimonial of our appreciation of our comrade and friend as well as the loss sustained by us. In his death the old saying, "the bravest are the tenderest," was rarely more perfectly exemplified than in the life and character of our friend.

At the outbreak of the Civil War he entered the ranks of the Confederate army and joined the Tenth Kentucky Cavalry, with Col. A. R. Johnson in Gen. Morgan's command; and on almost every field in which Morgan's command was engaged he bore a noble part. He returned home from the war a private soldier but there was none accounted braver nor truer than he whose loss we mourn today. In short no man loved the Confederate cause more or did more as far as he was able to attest that love both during and since the war than he. Therefore be it

Resolved, That in the death of Adolphus Mansfield Hearin the survivors of Camp 528, U. C. V., have lost a comrade as conspicuous for fidelity to duty and bravery in war as he was for fidelity to principle and manly bearing in times of peace. That our city has lost one of its best citizens. One who exemplified in all the walks of life that nobility of character which makes the true man and Christian gentleman, and that we, the members of the Confederate Camp, 528, U. C. V., feel with peculiar poignancy the

grief now universal in our midst occasioned by his death.

Resolved, That we hereby tender his family the deepest sympathy together with the assurance that in the sorrow which death has brought to the household of our comrade and friend each of us share a common grief akin to that of those who were nearest and dearest to him in life.

Resolved, That these resolutions be published in the daily Hustler, Madisonville Journal and Earlington Bee, and a copy be sent to the family of the deceased as a testimony of our condolence with them in the loss we have all sustained.

DELEGATES NAMED TO NATIONAL EDITORIAL MEETING.

President Underwood Announces Selection—Remembers The Bee.

Hopkinsville, Ky., July 6.—To represent Kentucky at the twenty-fourth annual convention of the National Editorial Association, President Underwood, of the Kentucky Press Association, has made the following appointments:

Delegates—Paul M. Moore, Earlington; Clarence E. Woods, Richmond; Miss Goldie Perry, Winchester; J. W. Barrall, Shepherdsville; George Givens, Henderson; Harry A. Sommers, Elizabethtown.

Alternates—Stanley Frost, Berea; Chas. T. White, Harrodsburg; W. S. Hudson, Barbourville; J. R. Catlett, Princeton; Henry Summers, Smiths Grove; B. B. Cozine, Shelbyville.

The convention will be held at Seattle, Wash., July 19 to 23, and on July 24 the editors will sail for Alaska. It is requested that all representatives who expect to attend the convention communicate at once with R. R. Perry, of Winchester, Kentucky's executive committee man. The delegates will go to Seattle via Chicago, where a special train will be provided.

On July 15 the delegates will be handsomely entertained at the home of William Jennings Bryan.

DEATH OF JOHN SARGEANT.

Little Son of Mr. and Mrs. M. Sargeant, of Middlesborough.

The sad news of the death of John Sargeant, the two-year-old son of Mr. and Mrs. M. Sargeant, of Middlesborough, which occurred last week was a shock to their many friends at this place. Mr. and Mrs. Sargeant resided here until a little more than a year ago and John, having been born here, was known and loved by all who knew him for his bright, winning baby ways. He was the pride and joy of the fond parents who have the heartfelt sympathy of the entire community in their sad bereavement.

Kentuckians to Grow Tobacco in Louisiana
Covington, La., July 6.—Having experimented successfully with tobacco seed secured from Cuba, one of the large planters has arranged to bring a number of families from Kentucky to cultivate prospective tobacco crops in this section.

PER CAPITA \$4.00 FOR TEACHERS

Highest Ever Known in Kentucky—Total of \$3,000,000.

STATEMENT ISSUED BY SUPT. CRABBE AS TO FUNDS

Frankfort, July 6.—The school teachers of Kentucky will receive the largest salaries that they have ever received as a result of the fixing of the school per capita today at \$4, the largest that has ever been allowed. This means that nearly \$3,000,000 will be used by the common schools of the State. Under this per capita the minimum salary of school teachers will be \$33.33 and the maximum \$66.66, as compared with a minimum of only two years ago.

The following statement was issued late this afternoon by Prof. J. G. Crabbe, State Superintendent of Public Instruction:

Frankfort, Ky., July 6.—The County Superintendents:

The State School Fund (estimated) distributed for the payment of teachers for the fiscal year, ending June 30, 1910, amounts to \$2,975,632.

The per capita is declared \$4.00. The per capita last year was \$3.60; this year is an increase of 40 cents, hence this per capita for the year 1909-1910 is the largest in the history of the State.

The school census showing pupils in counties.....591,679
Pupils in cities.....152,220

Total.....743,900
The school census last year was 738,021 pupils. This year the increase is 5,887 pupils.

I congratulate the teachers of the State. On July 22, 1909, in declaring the per capita last year, I said, "We are inaugurating here and now the biggest forward movement of schools in Kentucky since the past forty or fifty years," and today I repeat it: We are inaugurating here and now the biggest forward movement of schools in Kentucky since the past forty or fifty years. You will see this sentence again. Better help now. Respectfully submitted, J. G. CRABBE, Superintendent.

Mrs. Wilson Going East to Have Her Injured Arm Examined.

Frankfort, July 6.—Mrs. Willson, wife of the Governor, is to be taken to Baltimore to permit experts to examine her injured arm. The injury was the result of Mrs. Willson being thrown from a carriage in a runaway accident in this city several months ago. She has borne her suffering with unusual fortitude. Gov. Willson will accompany his wife East, and Lieut. Gov. Cox will look after the executive duties of the State.

Christian County Woman Suicides.

Hopkinsville, Ky., July 6.—Mrs. Robert H. Turner, who lives in this county near Cerulean Springs, committed suicide some time early yesterday morning by drowning in the cistern. Just when the deed was done is not known. She arose some time in the night and stole out without awakening anyone. When the family arose at the usual time and she was missed, a search was at once begun, and her dead body was found in the cistern.

How about your back lot?
Have you cleaned out all your outhouses?
Do you know that "cleanliness is akin to godliness?"

Pic-nicing at Lakeside Park seems to be the order of the day now.

The two-year-old son of Dr. R. A. Baldwin has been quite sick the past week.

Mrs. John Rule, who has been quite ill for several weeks, is improving nicely.

Don't you know that it would be cheaper to clean up than to pay doctor and drug bills?

The fourth of July window decoration in the St. Bernard drug store was very attractive.

Mrs. Dan M. Evans, who has been suffering with an abscessed tooth the past week, is recovering.

Do you know that the filth in your back lot or yard is a menace to your neighbor's health as well as your own?

The Bon Ton restaurant is having a shed built in front of their building, adding greatly to their comfort and appearance.

The Ladies' Aid Society of the M. E. Church, South will give an ice cream supper during the soldiers' campment in August.

It is much easier to keep clean and in good health than it is to be dirty and in poor health, so let's make our town a clean and a healthy one. Services at the M. E. Church, South, Sunday at 11 a. m. and 8 p. m. by the pastor. Sunday School 9:30 a. m. Epworth League 7:30 p. m.

A pleasant picnic party composed of several families of the town spent Monday at the park. A delightful lunch was spread and all enjoyed the day.

Miss Cammie Burns and William Walton were married Sunday at the home of the bride, Rev. W. C. Brandon officiating. They are both residents of this city.

The C. W. B. M. sent off two large bags of clothing to the Christian Widows' and Orphans' Home in Louisville last week. This is pure and undefiled religion, says James.

The institute of the colored teachers of the county is in session at Madisonville this week with a five-days' program. S. M. Vancleve, of Frankfort, is conducting the institute.

A crowd of the young ladies of the city gave a delightful picnic at Lakeside Park last Tuesday evening to the young men. A delightful luncheon was served, after which a dance was had. All report a fine time.

The Aid society of the Christian church met with Mrs. Corey Tuesday, and in spite of the heat, quite a good deal of energy was displayed. A feature of the afternoon was the singing of Mesdames Moore and Rash.

Mrs. Geo. W. Mothershead entertained her Sunday school class Saturday afternoon from 3 till 5. There was a large number present, and after many interesting games ice cream and cakes were served, and all the tots enjoyed themselves very much.

Cultivate Agreeableness.

The happy gift of being agreeable seems to consist, not in one, but in an assemblage of talents tending to communicate delight; and how many are there, who, by easy manners, sweetness of temper, and a variety of other undefinable qualities, possess the power of pleasing without any visible effort, without the aids of wit, wisdom or learning, nay, as it should seem, in their defiance; and this without appearing to know that they possess it?—Cumberland.

SENATOR BRADLEY WINS FOR TOBACCO

Tax of Six Cents a Pound will be Taken Off the Leaf.

SENATOR REFUSES TO ACCEPT ANY SORT OF COMPROMISE.

Washington, July 6.—After a day of skirmishes with Senator Aldrich and other members of the Finance Committee, Senator Bradley believes he has assurance tonight that the House amendment removing the tax of 6 cents on leaf tobacco, with several modifications, will be adopted by the Senate.

Senator Bradley has refused to accept any compromise or change to his proposed amendment, which will prevent the tobacco growers from the full enjoyment and exercise of the privilege of selling tobacco in the natural leaf as provided in the amendment contained in the House bill or in subsequent amendments offered in the Senate.

The amendment as offered by Senator Bradley contains certain provisions intended to enable the Government to keep track of sales in the natural leaf, and providing for keeping a record of such sales when they exceed ten pounds to one purchaser. None of these provisions will prevent the farmer availing himself of this chance to dispose of his leaf tobacco to the fullest extent, as such memoranda will be made on blanks furnished by the Government and are easily kept.

The increase in the tax on manufactured tobacco from 6 to 8 cents will still further stimulate the sale of the natural leaf.

The Senate has several times in the years past voted down similar amendments to that now put over.

WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work in Earlington.

Most Earlington people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood.

Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Earlington cures prove it.

James Walter Almon, of Earlington, Ky., says: "My kidney trouble was brought on by hard work. I was afflicted with the complaint for ten years. I suffered from dizzy spells, my kidneys did not do their work properly and my rest was much disturbed by too frequent passages of the kidney secretions. Some time ago I learned of Doan's Kidney Pills and procured a box. Soon after I began using them, I received great relief and thus encouraged, I continued taking them until I was cured. My kidneys are now in a normal condition. I feel very grateful to Doan's Kidney Pills for bringing about this change."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

REPUBLICAN CONVENTIONS

Of Precinct and County Called to Name County Office Candidates.

DELEGATE COUNTY CONVENTION WILL BE HELD AUGUST 16.

At a meeting of the Hopkins County Republican Executive Committee, held at Madisonville on Saturday, a list of names was selected from which the Republican members of the County Election Commission will be chosen, and other routine matters were discussed. The most important action taken by the meeting was the calling of precinct and county conventions for the purpose of naming candidates for county offices to be voted for at the November election. The decision was for precinct conventions to be held on Saturday, August 14th, to select delegates to a county convention to be held at Madisonville on Monday, August 16th. The basis for selection of delegates for each 50 votes or fraction over 25 votes cast in each precinct for William H. Tatt for President in 1908.

Plea for Open Fireplace.

"If people would only learn to have open fires in their rooms, instead of converting them into hot-air boxes by means of furnaces, there would be fewer colds," said a physician. "Fireplaces and their chimneys are ventilators. To me the beauty of an open fire makes it worth having, but when you consider that it's a sanitary officer, constantly changing the air and driving out germs, it is hard to see how any one can prefer a furnace."

THERE is an idea abroad among moral people that they should make their neighbors good. One person I have to make good: myself. But my duty to my neighbor is much more nearly expressed by saying that I have to make him happy—if I may.

—Robert Louis Stevenson.

A high physical standard for school teachers is urged by the most competent authorities in this country, and subscribed to by very many persons in more or less influential positions in connection with our schools. To those who have given the matter any thought at all it must seem that a good physique and a pleasing personality are as essential to the successful teacher as scholarship. In fact, scholarship without these desirable physical attributes, loses much of its force.

W. O. Head, the boy from the "Pennyrite" who has made his mark in business and politics in Kentucky's metropolis, is now Democratic nominee for Mayor of Louisville, receiving the honor by unanimous endorsement of his party, all opposition having withdrawn before the convention was held. This is an unusual honor, and a victory for Mr. Head, whatever be the result of the election in November. We believe in W. O. Head as a man, and if it should happen that the city go Democratic, we shall be glad it has a Head from the "Pennyrite"

We regret that through inadvertence the notice, published last week in these columns, of the death of Mrs. John McParland, a most estimable woman and the mother of Rev. McParland, pastor of the Church of the Immaculate Conception, should have been placed in an obscure and undesirable location in the paper. It is the fixed policy in this office to give all such notices the best position, but through some unhappy accident this one was not properly placed. To any who may feel hurt we can but say that we are sorry and join with them again in their deep sorrow at the untimely ending of a life so useful and so beautiful.

For the first time in many day the L. & N. and the Henderson Route trains are making connections at Henderson and it will be a source of general satisfaction to the traveling public to know this. One may now go from these parts to Owenboro and back, for instance, now without spending two nights on the road. And this is now a good way to go to Louisville. Leaving Earlinton before seven o'clock in the morning, one may now reach Louisville before one o'clock in the afternoon, which is going nicely. And the route traveled is quite attractive, too, running as it does for much of the way right along the banks of the Ohio. It is worth anybody's while to make the journey this way to Louisville for the beautiful river and hill scenery along the route. The Bee feels to congratulate the Henderson department of both roads upon this reasonable change in policy and time cards.

Rev. J. L. Hill, of Pembroke, was in town this week.

Mrs. Lou Morris, of St. Charles, is visiting friends and relatives here this week.

Mrs. Joe Williamson, who sprained her ankle quite severely last week, is improving.

Miss Estella Hayes and little niece, of Evansville, are visiting Ma. and Mrs. Robt. Booker.

Let everybody attend the picnic given by the Baptist church on Saturday and help make it a grand affair.

We are glad to note that Mrs. M. Moore, who went to St. Louis for treatment, has returned very much improved.

Rev. P. S. Smith and Mrs. L. B. Cavanaugh are attending the Sunday School Convention and District Conference at Uniontown this week.

The State Grand Lodge of the Wise Men of America will convene in our city on the 14th, inst. Let all prepare to give the delegates a royal welcome.

Mr. Major Terry and Miss Gertie Brown were quietly married Sunday evening by Rev. P. S. Smith at the home of Mr. and Mrs. Bud Welch. We wish the happy couple a long and pleasant voyage on life's stream.

The pastors, officers and members of the C. M. E. church take this opportunity to thank Revs. Evans and Stoner and their good people and the public in general for their liberality in assisting us at our picnic on Saturday the 3rd.

Miss Sadie Anglin, late of Hopkinsville, was in town Saturday.

The ball game Saturday between St. Charles and Earlinton was well worth seeing. It was well played throughout. Score, seven innings, St. Charles 9, Earlinton 0.

ENGINE FAILED IN WRIGHT'S FLIGHT

AEROPLANE GLIDES GRACEFULLY TO EARTH WHEN ENGINE SUDDENLY STOPS.

TRAVELS 40 MILES PER HOUR

Engine Comes to Standstill at Same Place Accident to Wright's Machine Put Stop to Tests Made Last September.

Washington, July 3.—Resembling a giant bird swooping down upon its prey, the Wright aeroplane, after the motor which propels it had come to a standstill glided gracefully to earth after having made two successful flights.

The machine was on its way around the Fort Myer drill grounds for the ninth time in its second flight when the motor stopped 60 feet above the earth and exactly in the same place where the propeller blade broke last September which resulted in the fatal accident that terminated the trials at that time. In gliding to the earth the machine struck a tree and swerved around with such force that the skids were broken and the right wing badly ripped. Mr. Wright was not injured.

Two Flights Were Successful.

The two flights were the most successful that Orville Wright has made since his return to complete the government trials. On the first attempt he flew about the field 12 times in 11 minutes and 50 seconds and on the second trial he had gone around eight and one half times when the flight was terminated by a mishap. He had been in the air for a little more than eight minutes. During both flights Mr. Wright went higher and faster than in the trials of the two previous days. It was estimated that his speed was about 37 miles an hour on an average, although the machine probably exceeded 40 miles when flying with the light breeze blowing from the south. The glide which covered a distance of perhaps 300 feet, was beautiful to behold but there were a few among the thousand spectators who did not fear a repetition of last year's accident.

Wright Explains Breakage.

"My motor stopped just as I was over the aeroplane shed," said Orville. "When you are over bushes and trees you can't see their height, and it was due to a miscalculation on my part that the wing hit the tree and swung the machine around, causing it to land sideways on the skids. If it had not been for the tree I would have landed safely. It was too bad, because the machine was making better speed than yesterday and more than the machine that I used last year. I should judge it was going over 40 miles an hour at certain times."

Orville got away in splendid shape on the first trial. The machine traveled with greater equilibrium than the day before. Orville on the first flight landed within two hundred feet of the starting tower, and the aeroplane came down "as light as a feather."

BRAKEMEN AIDED CHINESE

Charged With Conspiracy to Violate the Chinese Exclusion Laws, Railroaders Will Do Time.

Chicago, July 3.—Robert W. Stephenson, W. H. Clark and John Haltzell, the three railway brakemen who pleaded guilty to the government's charges of conspiracy to violate the immigration and Chinese exclusion laws, were sentenced to serve six months each in the Bridewell. The three testified for the government in the prosecution of Bob Leung, the El Paso Chinese merchant, and Jose Parra and Carlos Sevedra, accused of smuggling Chinamen into this country from Mexico.

Leung was found guilty and Parra and Sevedra were acquitted. The last two left for El Paso to stand trial there on a direct charge of violating the Chinese exclusion law.

DYNAMITE TO CHECK FIRE

Fire Starting in a Kitchen of a Chinese Restaurant Does \$400,000 Damage at Cobalt, Ont.

Cobalt, Ont., July 3.—Fire swept through Cobalt, causing a loss of \$350,000 to \$400,000, at least one death and the injury of six persons. It is estimated that 2,000 persons are homeless. They were cared for by the municipal authorities.

Starting in the kitchen of a Chinese restaurant in Halleybury road, the flames swept both sides of the street clean for half a mile.

Dynamite was resorted to to check the flames. An unknown foreigner, who rushed into a building just as a charge went off, was killed.

Turkey Bars Trade Unions. Constantinople, July 3.—The Chamber discussed the law on strikes and the minister of the interior opposed the formation of trade unions, declaring that they formed an institution hostile to capital. The Chamber accepted in principle the rejection of trade unions.

THE MURDERERS OF RANKLIN

be left to an avenging God. Come weal or come woe, I have nothing to retract and content myself with the fact that I have, in my humble way, done all that I could to see that law and order was restored and justice meted out to the guilty. If this has been perverted I am not responsible for it. I have been willing to do and to dare in the interest of good government and order, my private interest to the contrary notwithstanding, and now, to find it all to no avail, is indeed discouraging."

Criticized at Trenton.

Trenton, Tenn., July 4.—The reversal in the Obion night rider cases in the Supreme Court at Jackson yesterday created much surprise here and that august body is much criticised. The grounds of reversal are looked upon as most flimsy and a travesty on justice.

BRANDENBERG ACQUITTED

CHARGE OF SELLING CLEVELAND LETTERS NOT PROVEN.

Magazine Writer Is Re-Arrested on Charge of Kidnaping Son of His "Contract Wife."

New York, June 30.—Although Broughton Brandenburg was acquitted here of the charge of grand larceny in connection with the sale of an alleged spurious letter of Grover Cleveland to the New York Times, he had only a few minutes of freedom. Before leaving the court room he was re-arrested and will be taken to St. Louis next week for trial on a charge of fraudulently enticing from the child's parent, his step-son, James Shepard Cabanna III. The penalty for this offense in Missouri ranges from six months in jail to 20 years imprisonment in the penitentiary. The author was taken back to the Tombs in default of \$5,000 bail, to await the arrival of the Missouri officers.

Extradition papers for Brandenburg's transfer to St. Louis are now in the hands of Governor Hughes at Albany. It is expected that they will reach New York today. The kidnaping, which Brandenburg admits, occurred shortly after the writer jumped his bail while under indictment for the sale of the Cleveland article. He was found in San Francisco with the Cabanna boy, whom he had picked up in St. Louis.

In the course of the trial just ended, Brandenburg declared that he was justified in taking the boy, because the lad's father, with whom he had been temporarily left, had not lived up to an agreement as to the child's treatment.

The boy's mother, now Brandenburg's wife, was in the court room today when the verdict of acquittal was announced.

NEGRO "PUG" SENTENCED

Former Colored Light Weight Pugilist Will Serve Fifteen Years For Murder.

Philadelphia, June 30.—Jack Blackburn, the colored light weight pugilist, charged with the murder in January of Alonzo Polk, also colored, changed his plea from "not guilty" to "guilty" and was sentenced to 15 years imprisonment. With good behavior he will have to serve a little more than eight years.

Polk's wife and Maud Pilsion, a white woman, who lived with Blackburn, were fighting. Polk interfered

Avoid Trouble

Women, when threatened with a mishap, should take Cardui and prevent the trouble from occurring.

In your delicate condition it will save you much pain and misery. Thousands have tried Cardui before confinement and have found it of wonderful benefit.

I think Cardui the finest medicine I know of for female troubles, and I wish all suffering women would try it." Cat Cardui. Sold everywhere.

and Blackburn drew a revolver and fatally wounded Polk and also shot Mrs. Polk.

TRAIN ROBBERS TRAPPED

Detectives With Pack of Bloodhounds Trace Bandits into a Deserted Mining Tunnel.

Winnipeg, Man., June 30.—Detective Draper of Spokane with a pack of bloodhounds has traced the Canadian Pacific train bandits into an old mining tunnel at Red Gulch, six miles east of Ashcroft, B. C. Detective Draper has sent for help as the two men are heavily armed.

One of the robbers was killed by Constable Rucker, Monday. He wore clothes bought in Spokane. A valise full of dynamite was found in the boat deserted by the robbers.

Lottery Owners Arrested.

Indianapolis, Ind., June 30.—The old Honduras lottery, according to evidence presented to the grand jury of this county, now has headquarters at New Albany, Ind. Four men were arrested here, charged with being interested in the lottery company. They are Royal Hammer, who, it is alleged, is one of the oldest lottery men in the country; Henry Walker, Harry Pfalzgraf, and Davis Fair, all keepers of saloons. They were released in \$500 bonds each.

Negro Slayer Killed by Posse.

Adrian, Ga., June 30.—Roulet Jenkins, a negro, who killed George Howell and wounded the latter's wife, was surrounded and shot to death by a posse in a swamp. He was heavily armed and refused to surrender. The posse attempted to capture him and he opened fire. In the battle which followed he wounded two men and was killed.

Heat Wrecks Two Trains.

Denver, June 30.—The latest in heat wave novelties is a railroad wreck caused by the heat. It was 98 in the shade and the heat was so terrific that it twisted the rails and derailed both trains. A Denver & Rio Grande train near Sedalia, eight persons being hurt. Later a Colorado Midland train was wrecked near this city by the same cause.

Power in Silence.

Here is a hint for the women who forget and fret and fuss. Go into the silence at certain times of the day. One need not necessarily retire for formal prayer. "He who is in the path of duty needs no prayer," said a wise oriental. But in the silence you will find the peace and strength of prayer. In withdrawing from the pressure of things and getting in touch with the great sources of power, you will absorb power.—Edwin Markham, in Red Book.

FIVE PERISH IN MISSOURI FLOODS

HEAVY FLOOD LOSS IN NORTH-WEST MISSOURI AND SOUTH-WEST NEBRASKA.

MANY HOUSES UNDER WATER

Heavy Wheat Crops Will Be Total Loss—Railroad Traffic Is Paralyzed—Residents Take Refuge in Upper Stories of Houses.

St. Joseph, Mo., July 7.—Heavy rains have caused much damage in northwest Missouri. Maryville was without train service. The flood losses of Nodaway county are estimated at \$200,000, which included \$75,000 in bridges destroyed. The wheat crop will be a total loss in Nodaway county on account of the inability of farmers to get into the fields. A bumper crop had been promised.

The bodies of Charles Daniels and John Brewer, each 20 years old, who were drowned in White creek, near Maryville, with their team, were recovered.

Owing to a cloudburst in Big Creek valley, near Pattonburg, Mo., a large portion of that town was flooded and much live stock was drowned. The St. Joseph experienced one of the heaviest rains of the year. Much damage was done in the suburbs.

Three Drown at Pattonburg, Mo. Chillicothe, Mo., July 7.—Three people are reported dead at Pattonburg, and almost all the residents, having taken refuge in the upper stories of houses, were without food. A relief train with supplies was made up here, and will try to reach the sufferers.

Arthur Fiske, the depot agent at Gault, is marooned in his station, without food. Efforts of rescuers to reach him have been futile and the water is three feet deep in the depot, and still rising.

Grand River Overflows. Chillicothe, Mo., July 7.—Reports show alarming flood conditions both north and northwest of here on the forks of the Grand river. Damage to the extent of one hundred thousand dollars is reported from Trenton, that town being isolated by high waters. There has been no loss of human life, but owners of fancy live stock are heavy losers. Traffic on the Chicago, Rock Island & Pacific railroad is demoralized, and at Pattonburg, north of here, the west fork of the Grand river is running through the town, the Wabash depot and switch tracks.

Railroad Tied Up. Des Moines, Ia., July 7.—No trains from Kansas City can reach here over the Chicago, Great Western line. Five miles of roadbed between Shannon and Benton were washed out by a cloudburst. Passengers are being transferred to the Burlington and Wabash railroads. Train service will not be reestablished before Thursday.

Southern Nebraska Flooded. Lincoln, Neb., July 7.—Train service is demoralized in southeast Nebraska on account of the floods. Three days of heavy rainfall have caused all the small streams to leave their banks. Six and a half feet of water cover the Union Pacific tracks south of Beatrice, and there is another washout between Beatrice and Lincoln. Water is over the tracks of the Burlington at Elk Creek, and there are small washouts on the same line between Tecumseh and Table Rock and Auburn. The and there is another washout between the Cretaceous branch. Farm lands have been flooded and damage done to crops.

Excursion Schooner Capsized. Honolulu, July 7.—The power schooner Rainbow, carrying an excursion party of 25 school children and a number of women, suddenly capsized off the Island of Molokai, near Puukoe harbor, Sunday afternoon. All the passengers and crew were rescued, but one woman died soon afterward from the excitement and shock.

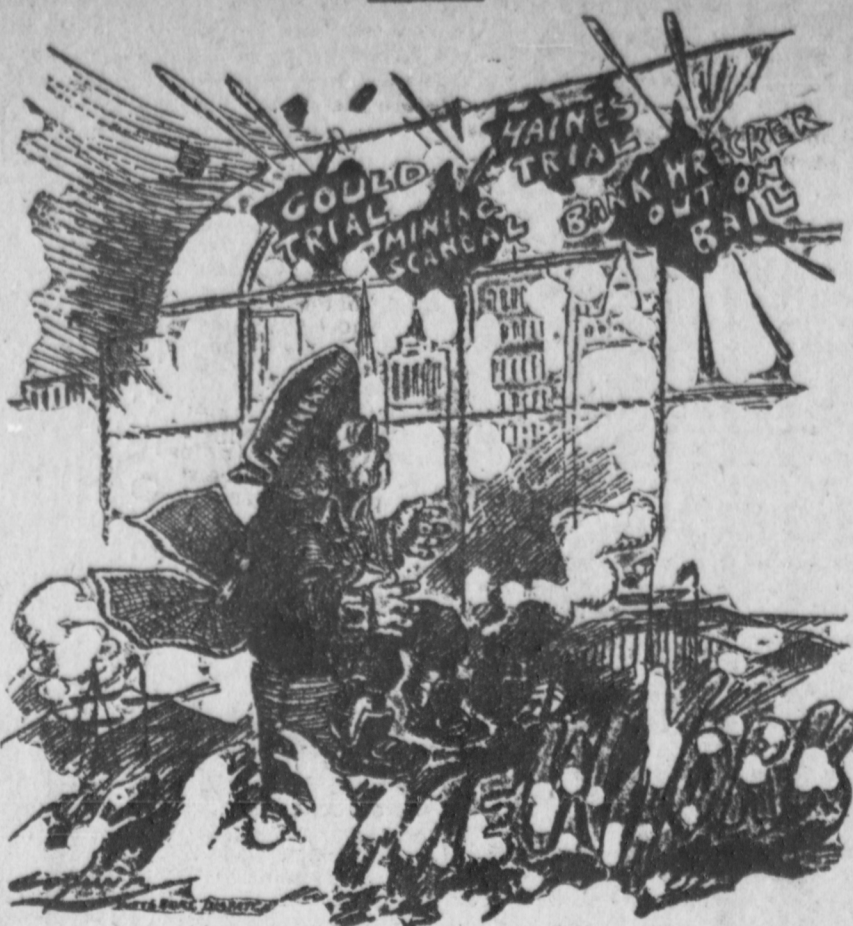

Taft's Landlord Is Dead. Boston, July 7.—Robert G. Evans, the landlord of President Taft and his next door neighbor in Beverly and a director in a large number of mining companies, died at the Massachusetts homeopathic hospital, of injuries from being thrown from his horse last Wednesday.

Filipinos Are Shocked. Seattle, Wash., July 7.—The Filipinos of Seattle, through a committee, protested against the exhibition of unclad Igorotas at the Alaska-Yukon-Pacific exposition.

Legation Secretary Resigns. Copenhagen, July 7.—Charles Richardson, secretary of the American legation here, has resigned. He will return to the United States.

Clay Re-elected Senator. Atlanta, Ga., July 7.—United States Senator U. S. Clay was unanimously re-elected by the Georgia legislature.

SCORCHING HEAT WAVE ON LAST LAP

HIGHEST TEMPERATURES WERE 104 AT YUMA, ARIZ., AND 102 AT HURON, S. D.

TEN HEAT VICTIMS IN CHICAGO

Nine More Deaths at Philadelphia, Brings Up Total to More Than Two Score During Nine Days Hot Spell.

Washington, June 29.—The heat wave is on its last lap and to-morrow will mark its end in the Atlantic states. The temperature also will be less intense in the New England states, and thunder showers, which are promised for the sections east of the Rocky Mountains, will produce cooler weather generally.

Scorching weather, equally as severe as has been recorded during the nine days of the warm wave, prevailed over the country. The average maximum temperature throughout the country was ninety degrees.

Some of the highest temperatures were 104 at Yuma, Ariz., 102 at Huron, S. D., and 100 in San Antonio, Texas.

Heat Kills Ten at Chicago.

Chicago, June 29.—Ten deaths superinduced by the excessive heat have been reported to the police. Numerous cases of heat prostration have been cared for at the hospital, and it is probable there have been many more which have not been reported.

The last fatality reported was the death of Police Sergeant Bernard Bockhold, who died at his home. Carl Sommers jumped into Lake Michigan while temporarily insane. He was rescued, but died at a hospital. A cooling breeze swept over the city at night and brought temporary relief, although Professor Cox, of the weather bureau, holds out little hope of a permanent relief. The thermometer hovered around the 80 mark all day. An emergency order has been issued to the police to allow men and boys to sleep in the city parks.

Nine Deaths at Philadelphia. Philadelphia, June 29.—Nine more deaths were added to the list of heat victims in this city. This makes the total for the present hot spell more than two score. The humidity to-day was 91, while the maximum temperature was 90.

One Dead at Cleveland. Cleveland, O., June 29.—One man died, another attempted to commit suicide and four persons were prostrated, due to the heat here.

Two Succumb at Indianapolis. Indianapolis, Ind., June 29.—Two deaths and many prostrations resulted from the intense heat in Indiana to-day. The maximum temperature in this city was 88 degrees, but from southern Indiana come reports of the mercury reaching 97 degrees.

Many Deaths in New York. New York, June 29.—Before relief came, two deaths were added to the long list of temperature victims. There were a score of prostrations. The maximum temperature was 86, but the humidity was great. Summing up the results of the heat wave which has held New York in its grip for a week or more, Health Commissioner Darlington in his weekly mortality report noted an increase of nearly 200 deaths over the figures for the corresponding period last year.

SHOOTS PAL IN A DREAM

ST. LOUIS FEUDIST FIRES ON BEST FRIEND.

Man Freed of Killing Constable Used Gun Restored to Him by Court—Mind Unbalanced by Fear.

St. Louis, July 2.—Another chapter was added early Thursday to the history of the gang feud that cost Constable Sam J. Young and Fred T. (Yellow Kid) Mohrle, their lives, when William Wright, acquitted Wednesday of the murder of Young, fired upon Charles Tozer, supposedly his friend, whom Wright's lurking terror transformed into an enemy.

With the revolver given him a few hours before by Judge Fisher, following his acquittal, Wright shot Tozer in the side, in the home of Mrs. Marie Mohrle, widow of "Yellow Kid" Mohrle, 808 North Jefferson avenue, at 3:30 a. m. Thursday. Tozer is at the city hospital, and will recover. Wright is again a prisoner, held at the Dayton street station.

There are two versions of the shooting. Tozer said Thursday, at the hospital, that Wright, without cause other than his fear of the gang, which has caused him to shrink from every shadow and turn at every sound, suddenly drew his weapon and fired, as he and Tozer sat talking in Mrs. Mohrle's home. Mrs. Mohrle had left the room a moment before.

Wright, at the Dayton street station, said he was doing by Tozer's side. He dreamed he saw Thomas (Red) Kane, the slayer of "Yellow Kid" Mohrle, approach him. The scene of the shooting of Mohrle was about to be re-enacted—only he was the object of Kane's aim.

HARVARD CREW WINS RACE

Crimson's Eight Led From Start to Finish and Wins by Six Boat Lengths.

New London, Conn., July 2.—In a notable exhibition of rowing by a crew remarkable for its physical power and endurance, Harvard defeated Yale in their annual varsity boat race on the Thames. The crimson's crew led from start to finish and won by six boat lengths. Harvard's time was 21:50; Yale's 22:10. By this victory Harvard won her second consecutive boat race from Yale in 28 years. Not since 1880 and 1881 has Harvard won two consecutive races from Yale. Since 1885 Harvard has won five varsity races from Yale, including to-day's, namely in 1881, 1899, 1908 and 1909. Since Wray has been coaching at Cambridge, Yale and Harvard have met three times and the crimson has won two races.

INCREASE TAX ON TOBACCO

Beveridge's Expose of Tobacco Trust Profits Wins Higher Tariff on the Weed.

Washington, July 2.—As a result of the exposures made by Senator Beveridge about the enormous profits of the tobacco trust and how it escapes with small taxation, the senate finance committee has decided that it will increase the internal revenue tax on tobacco.

The rate has not been determined, but it is expected that it will be fixed at 8 cents a pound on all tobacco except snuff, cigars and cigarettes.

The law is 6 cents a pound, and Beveridge urged that it should be made 9 cents.

New Charges Made.

Kansas City, Mo., July 3.—Six new accusations charging discrepancies aggregating \$1,401.70, have been filed against John W. Radford, ex-chief of the Kansas State grain department, Kansas City, Kan., by Fred S. Jackson, attorney general of Kansas. The same charges were filed also against A. D. Crofts, ex-chief of the department.

Man's By-Products. There is enough hydrogen gas in a man, says the Medical Index Lancet, to carry him up to the clouds. He contains enough fat to make 75 candles and a large cake of soap, and enough phosphorus to make 8,064 boxes of matches. His remaining constituents will yield, if utilized, six cruet of salt, a bowl of sugar and ten gallons of water.

Spent It Freely. When a girl is told that she has a fortune in her voice, she goes home and declares dividends for the benefit of the neighbors.—Galveston News.

Tooth Health

Tooth Cleanliness

If friction or rubbing where the only thing needed for thorough tooth cleaning and tooth health, most any dentifrice or a plain brush and water would be good enough. But this would not kill the germs of decay.

FORMALDINE TOOTH PASTE

reaches and destroys the germs of decay without in any way, shape or manner attacking the enamel or the gums. When applied to the teeth by a brush it is dissolved by the saliva in the mouth and, in this way is carried between the teeth, into decaying cavities and under the gums. A little put on a moistened tooth brush acts as a perfect cleanser and antiseptic even with most gentle brushing.

It whitens the teeth because it cleanses them of all foreign substances such as stains, tartar, etc.

A guaranteed dentifrice scientifically made by a reputable firm.

New Oliver No. 5

Sets Swiftest Pace Ever
Known in Typewriter Selling.

The wonderful new model, Oliver No. 5, has taken the market by storm. Its reception by the public has exceeded in enthusiasm anything we had dared to anticipate.

Employers and stenographers alike have welcomed it as the one machine that answers the multiplied need of the hour.

The cry is for Speed! Speed! Speed!—and the Oliver responds.

The demand for Durability is filled by the sturdy steel-clad Oliver.

To call for a writing machine that will do many things and do each of them equally well, the Oliver answers with its unexampled versatility.

Its visible writing saves the strain on eye and brain.

Its legibility lends beauty to its work. The letters that bear the Oliver imprint are the letters that seem to speak.

Oliver No. 5 fairly bristles with new and exclusive time-and-saving features. We have space to mention only a few of the more important ones.

—Disappearing Indicator shows exact printing point.

—Balance Shifting Mechanism saves operative effort.

—The Ruling Device is fine for tabulated work.

—Double Release doubles convenience.

—Non-Vibrating Base insures stability. Yet with all of those added improvements, we have still further simplified the Oliver by fusing brains with metal.

Oliver No. 5 is a dream come true—the dream of Thomas Oliver crystallized into this wonderful mechanism of shining steel that embodies very possible requirement of a perfect writing machine.

Financial.

An "able financier" is a man who is able to separate the other fellow from his coin without the aid of a sandbag.

Difficult.

Judge decides that it is difficult at times to account for the bright sayings of some children after hearing their parents talk.

He Approved.

Three-year-old Tim had admired the clouds for a long time, but never thought to inquire into their origin until a few evenings since. His mother explained at length how God made the rain fall on the earth and then took it back into the sky, to all of which Tim listened attentively, and then patronizingly observed: "Pretty good stunt for God, isn't it?"—Harper's Magazine.

A Contented Woman.

is always found in the same house with Ballard Snow Liniment. It keeps every member of the family free from aches and pains, it heals cuts, burns and scalds, and cures rheumatism, neuralgia, lumbago and all muscular soreness and stiffness. 25c, 50c and \$1.00 a bottle.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Cure for Toothache.

A London physician at a meeting of a medical society stated that extraction of teeth was unnecessary. He was enabled to cure the most desperate case of toothache, he said, unless the case was connected with rheumatism, by the application of the following remedy to the diseased tooth: Alum, reduced to an impalpable powder, two drachms; nitrous spirits of ether, seven drachms; mix and apply to tooth.

A Golden Wedding

means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to eat that your liver does its duty 365 days out of 365, the only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle.

A Slangy Bungalow.

It doesn't take long for current slang to find its way into the names of summer cottages and bungalows. A tiny but artistically arranged cottage for a family to summer in is called "A Cottage of Some Class," and a neat place in mission wood above the leaded glass door proclaims it to all who pass or enter.

Starved To Death

is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexion and loses weight for no apparent reason, give it White's Cream Vermifuge, you will be surprised at the results and how quickly it picks up.

Need of Companionship.

Companionship is the one thing in the world which is absolutely essential to happiness. The human heart needs fellowship more than anything else—fellowship which is elevated and enduring, stronger and purer than itself and centered in that which death cannot change.—Henry Van Dyke.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men who lived 100,000 years ago when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure sore lungs, colds, obstinate coughs, and prevent pneumonia, it's the best medicine on earth. 50c and \$1.00.

Early Showed Greatness.

Andrew Jackson was a marvel of precocity. He carried a flintlock musket, as a soldier of the revolutionary army, at the age of 14. At 23 he was appointed by Washington district attorney of Tennessee. He was a United States senator at 30. He did not reach the presidency until he was 62.—Sunday Magazine.

Sees Mother Get Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick, of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite.

Tortured on a Horse.

"For ten years I couldn't ride a horse without being in torture from piles," writes L. S. Napier, of Ruggles, Ky., "when all doctors and other remedies failed, Bucklen's Arnica Salve cured me." Infallible for piles, burns, scalds, cuts, boils, fever-sores, eczema, salt rheum, corns. 25c.

English Pies for Cities Beautiful.

What England wants just now is a man, or several men, of infinite ability and ample means, who, purely for the sake of their art alone, will prepare imaginary schemes showing how and in what way our cities ought to grow if they are to be healthy dwelling places and beauty spots instead of blots upon our land.—English Building News.

A Night Rider Raid.

The worst night riders are calomel croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system curing colds, headaches, constipation, malaria.

One of Fashion's Follies.

A lady came on an odd-looking bag the other day in one of the fashionable London shops. It was in expensive leather, and seemed too large for an ordinary hand-bag; also it had a curious opening cut at one side towards the top. "Ladies use it for carrying their little dogs," the salesman explained.

A Millionaire's Baby

Intemperance in Cause and Effect.

The drink habit may be the cause of many miseries; but it is, in turn, the effect of other and prior miseries. The temperance advocates may preach their hearts out over the evils of drink, but until the evils that cause people to drink are abolished drink and its evils will remain.—Jack London.

The First Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orin's Laxative Fruit Syrup clears shallow blotches of complexion as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orin's Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, seals the lungs and prevents serious result from a cold. J. N. Patterson, of Nasau, Iowa, writes: "Last winter I had cold on my lungs and tried at least half a dozen advertised cough medicine and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I cannot say too much for Foley's Kidney Cure. It makes the deceased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible."

C. E. IN ANNUAL SESSION

WILL MARCH BY STATES TO THE STATE CAPITOL.

Great International Convention Opens In St. Paul, with Vast Throngs of Members Present.

St. Paul, Minn., July 7.—From all parts of the United States and many foreign lands members of the United Society of Christian Endeavor have flocked to this city for the twenty-fourth international convention of the organization, which began today. Rev. Dr. Francis E. Clark, who is president of the united society as well as of the World's Christian Endeavor Union, is here, and at the first big open meeting this evening will deliver his annual message. At the same session the other officers will report, and there will be addresses by Gov. Johnson, Mayor Lawlor, Rev. H. C. Swearingen and J. Powell Moore of the local committee of arrangements. The vast audience at this meeting, as at all the general sessions, will be led in singing by a monster choir chorus drilled by Prof. E. O. Excell and Percy S. Foster.

This morning the annual meeting of the corporation was held and the trustees also had a business meeting and their yearly dinner at the Hotel Ryan.

The program for the convention, which does not close until July 12, is most extensive, the theme of all the sessions being "Thy Kingdom Come." Among the speakers of international reputation are Bishop Fallows, William Jennings Bryan, Hon. George Nicholls, M. P., of London; Rev. Floyd Tompkins of Philadelphia, Rev. T. Makino of Japan, and United States Senator Beveridge of Indiana. Tomorrow afternoon will come the most spectacular event of the convention, when the thousands of delegates, led by President Clark, will march by states and countries to the capitol and hold a monster patriotic song service.

MISSIONARY VESSEL LOST

Indian Trappers Report Seeing the Schooner Struggling in a Heavy Storm Off Bethel.

San Francisco, Cal., July 7.—The schooner Monterey, Captain Anderson, arriving here from Kuskowin, Alaska, reports the possible loss of the missionary schooner J. F. Abler and a score of lives. The Abler sailed from Seattle on June 3 with a crew of eight men and twelve or thirteen passengers.

When the Monterey arrived at Bethel, to which place the Abler was bound, Captain Anderson was informed by Indian trappers that the missionary vessel had last been seen struggling in a heavy storm some distance out at sea. The Monterey sailed some distance up and down the coast, but saw no sign of the Abler. Captain Anderson says it is possible that the missing vessel has taken refuge at Bristol Bay.

PLATTSBURG'S GREAT DAY

Lake Champlain Celebration Shifted to That City, with Its Distinguished Guests and Crowds.

Plattsburg, N. Y., July 7.—The celebration of Lake Champlain's centenary, with its pageants, its distinguished guests and its attendant throngs of sightseers, moved to this city today. With President Taft came Vice-President Sherman, Speaker Cannon, members of the cabinet and visitors from England, France and Canada, and they, together with Gov. Hughes and Gov. Prouty of Vermont, are quartered at the Hotel Champlain. The presidential party visited the Catholic summer school at Cliff Haven at 9:30 o'clock, and Mr. Taft made a brief address.

Senator Elihu Root was the chief orator of the day. The pageants are to be repeated this morning, with a wonderful pyrotechnical display.

COL. TUCKER WEDS NURSE

Recently Divorced Husband of Gen. Logan's Daughter Is Married at Detroit.

Detroit, July 7.—Colonel William F. Tucker, U. S. A., retired, who was recently divorced in Chicago, was married here to Mrs. Myrtle Platt, who became Colonel Tucker's nurse in the Philippines when the colonel's health broke down, and he was sent home to the United States. The ceremony was performed by Justice of the Peace Felix A. Lemke, at the home of Rev. W. S. Sayres, where Mrs. Platt has been a guest for some time.
